Students comment	How our (eprojects team) suggestion helped you	There are 2 things we learned in this eproject: Firstly, the most applicative experience we learned during this project is the process of the factual project. We have the opportunity to know the steps of a project, from ideas to the final product. Secondly, we also practiced what we studied in 01 semester: HTML, CSS, JS as well as Angularjs framework.
	Feedback / Remarks	Up to now, we do not have any feedback or remarks.
